Permitting Agencies:

California Department of Fish and Game

P.O. Box 47, Yountville, CA 94599
(707) 944-5500

Fish and Game Code section 1602 requires any person, state or local governmental agency, or public utility to notify DFG before beginning any activity that will substantially modify a river, stream, or lake. To obtain permission from DFG to proceed with your project you need to submit a Lake or Streambed Alteration Notification Form. For permit fees please see the DFG website.

San Francisco Army Corps of Engineers

333 Market Street, Suite 812, San Francisco, CA 94105
(415) 977-8462

Streambank repair work often comes under Nationwide Permit 13: Bank Stabilization, and there will be no charge for the permit, although the ACOE may need advance notification of the work. If your project does not fall under Nationwide Permit 13 requirements, and depending on the details of the repair, the permit fee may be up to \$100.

San Francisco Bay Area Regional Water Quality Control Board

1515 Clay Street, Suite 1400, Oakland, CA 94612
(510) 622-2300

The RWQCB issues water quality certifications for all Army Corps of Engineers permits. For permit fees please see the RWQCB permit fee schedule on the website. This agency may require some additional information that is not requested in the JARPA application. Check their website for the most recent requirements.
