Coho Year Classes

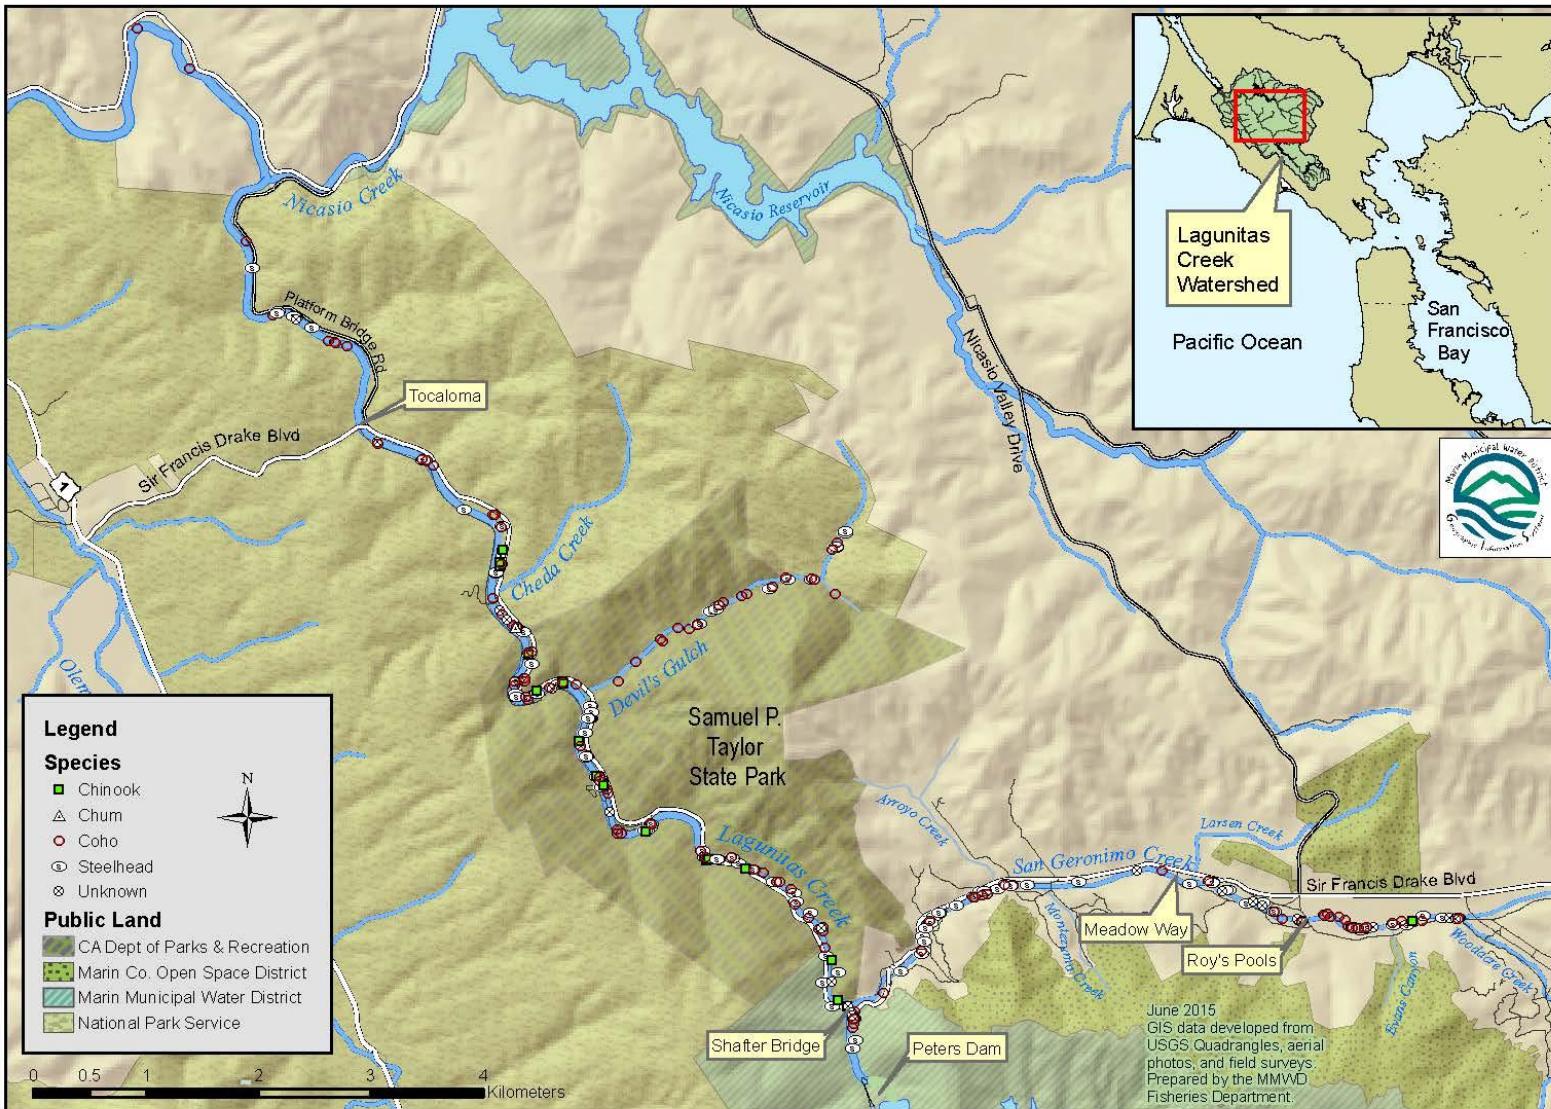

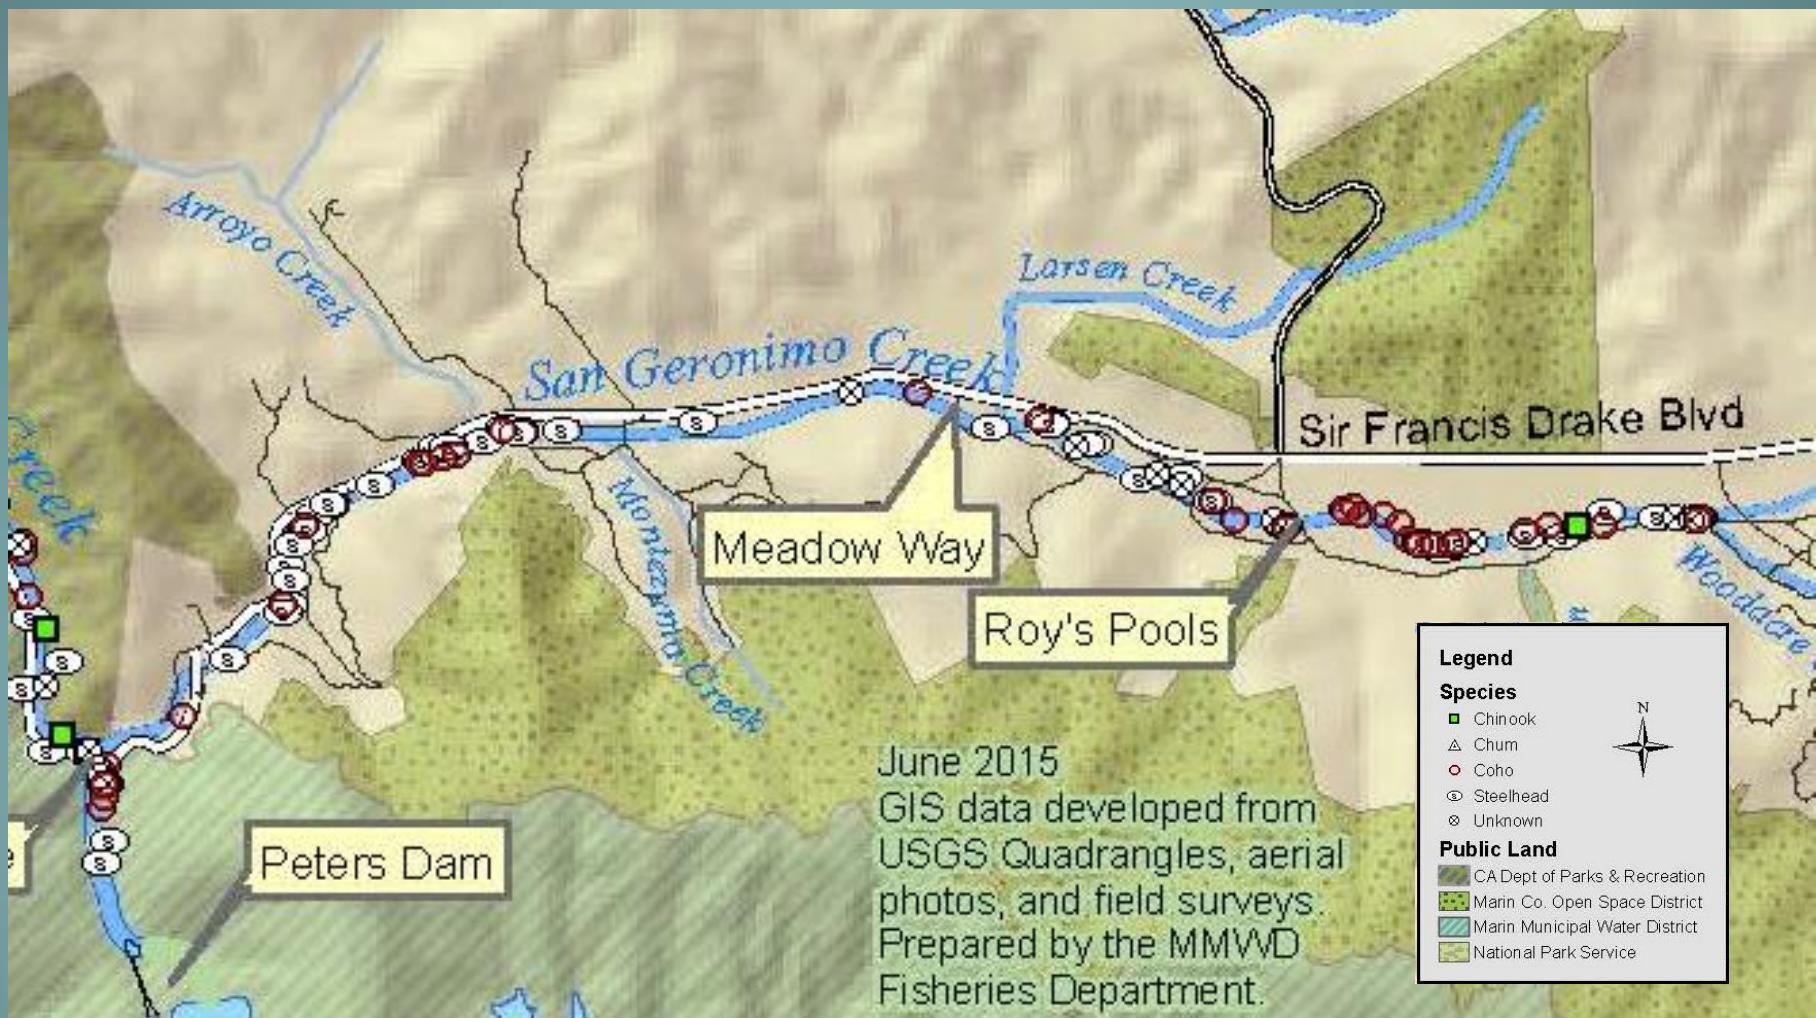

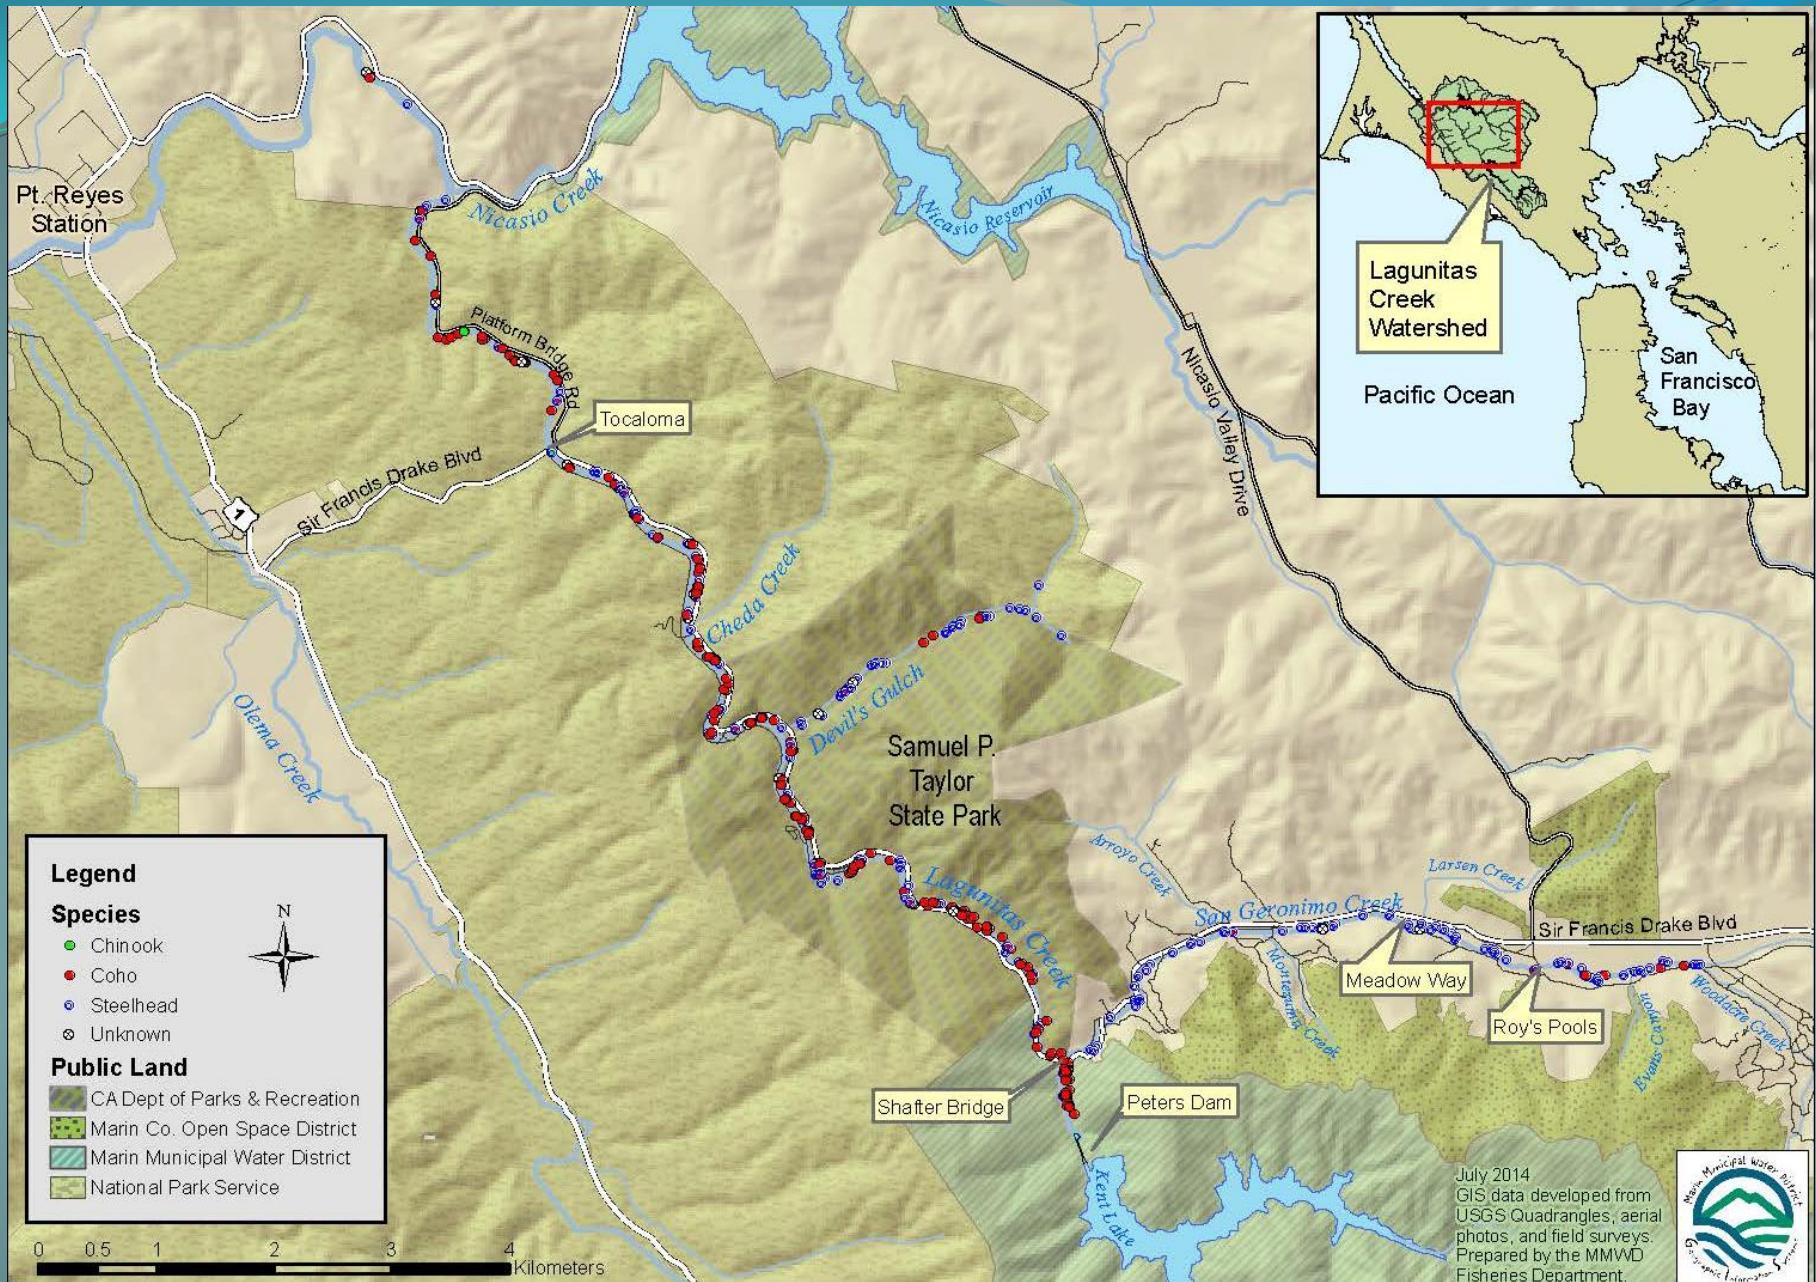

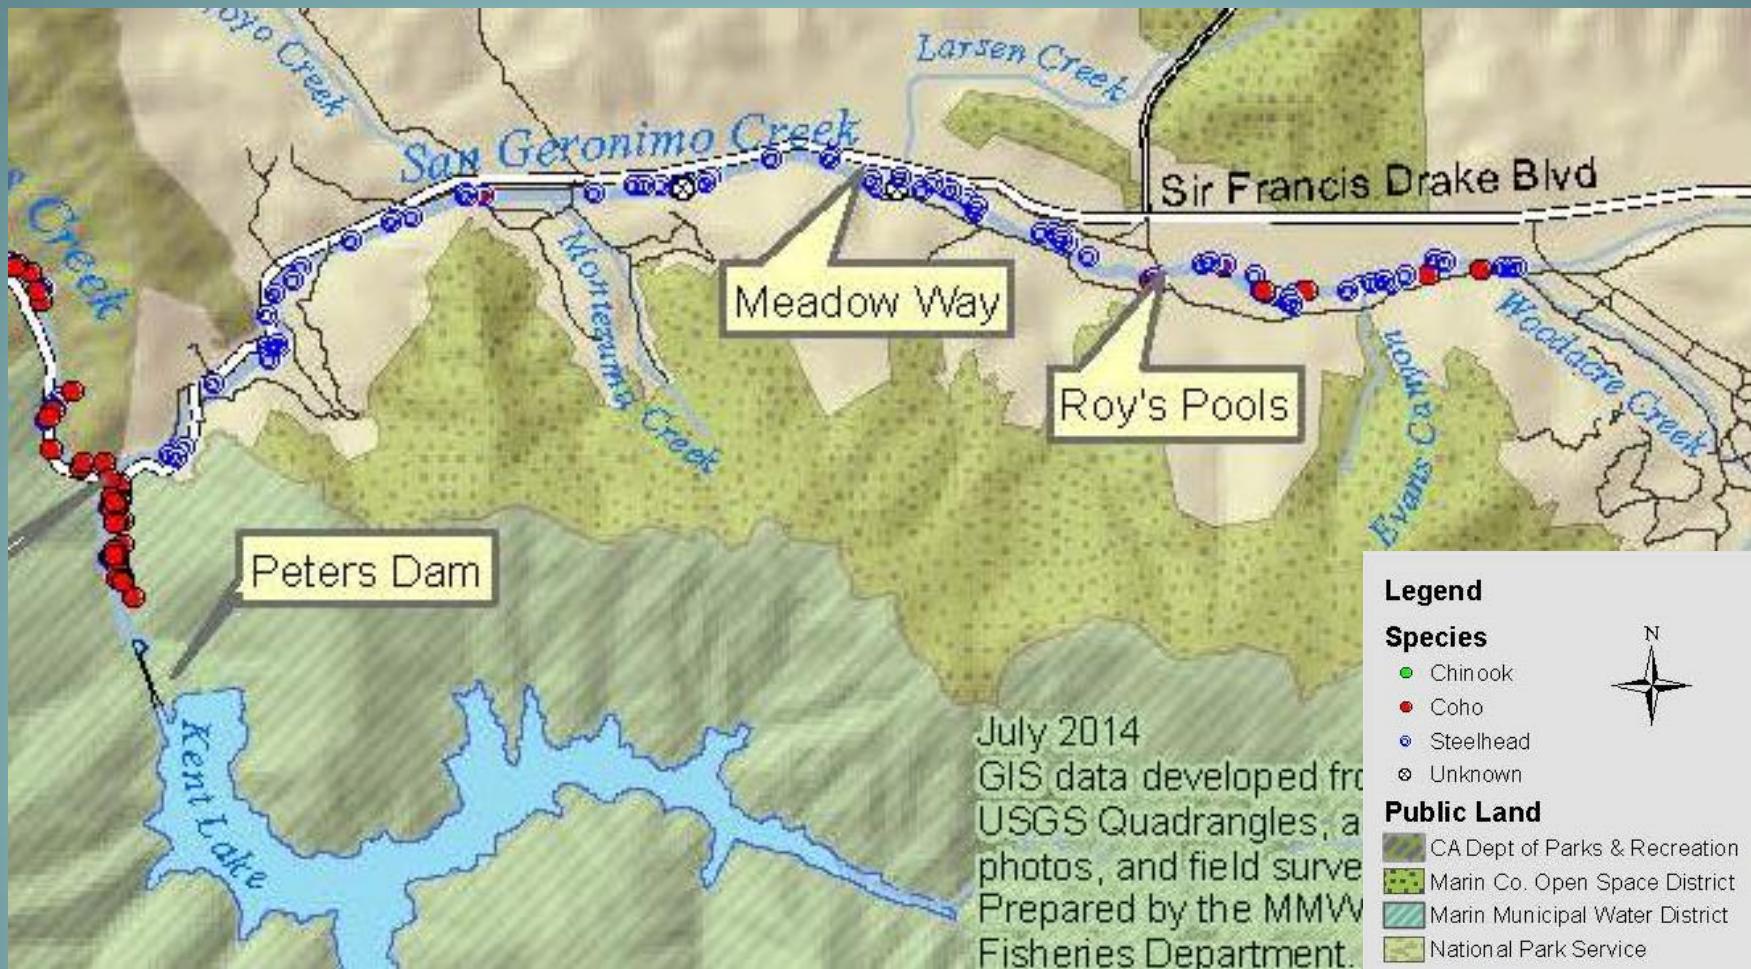

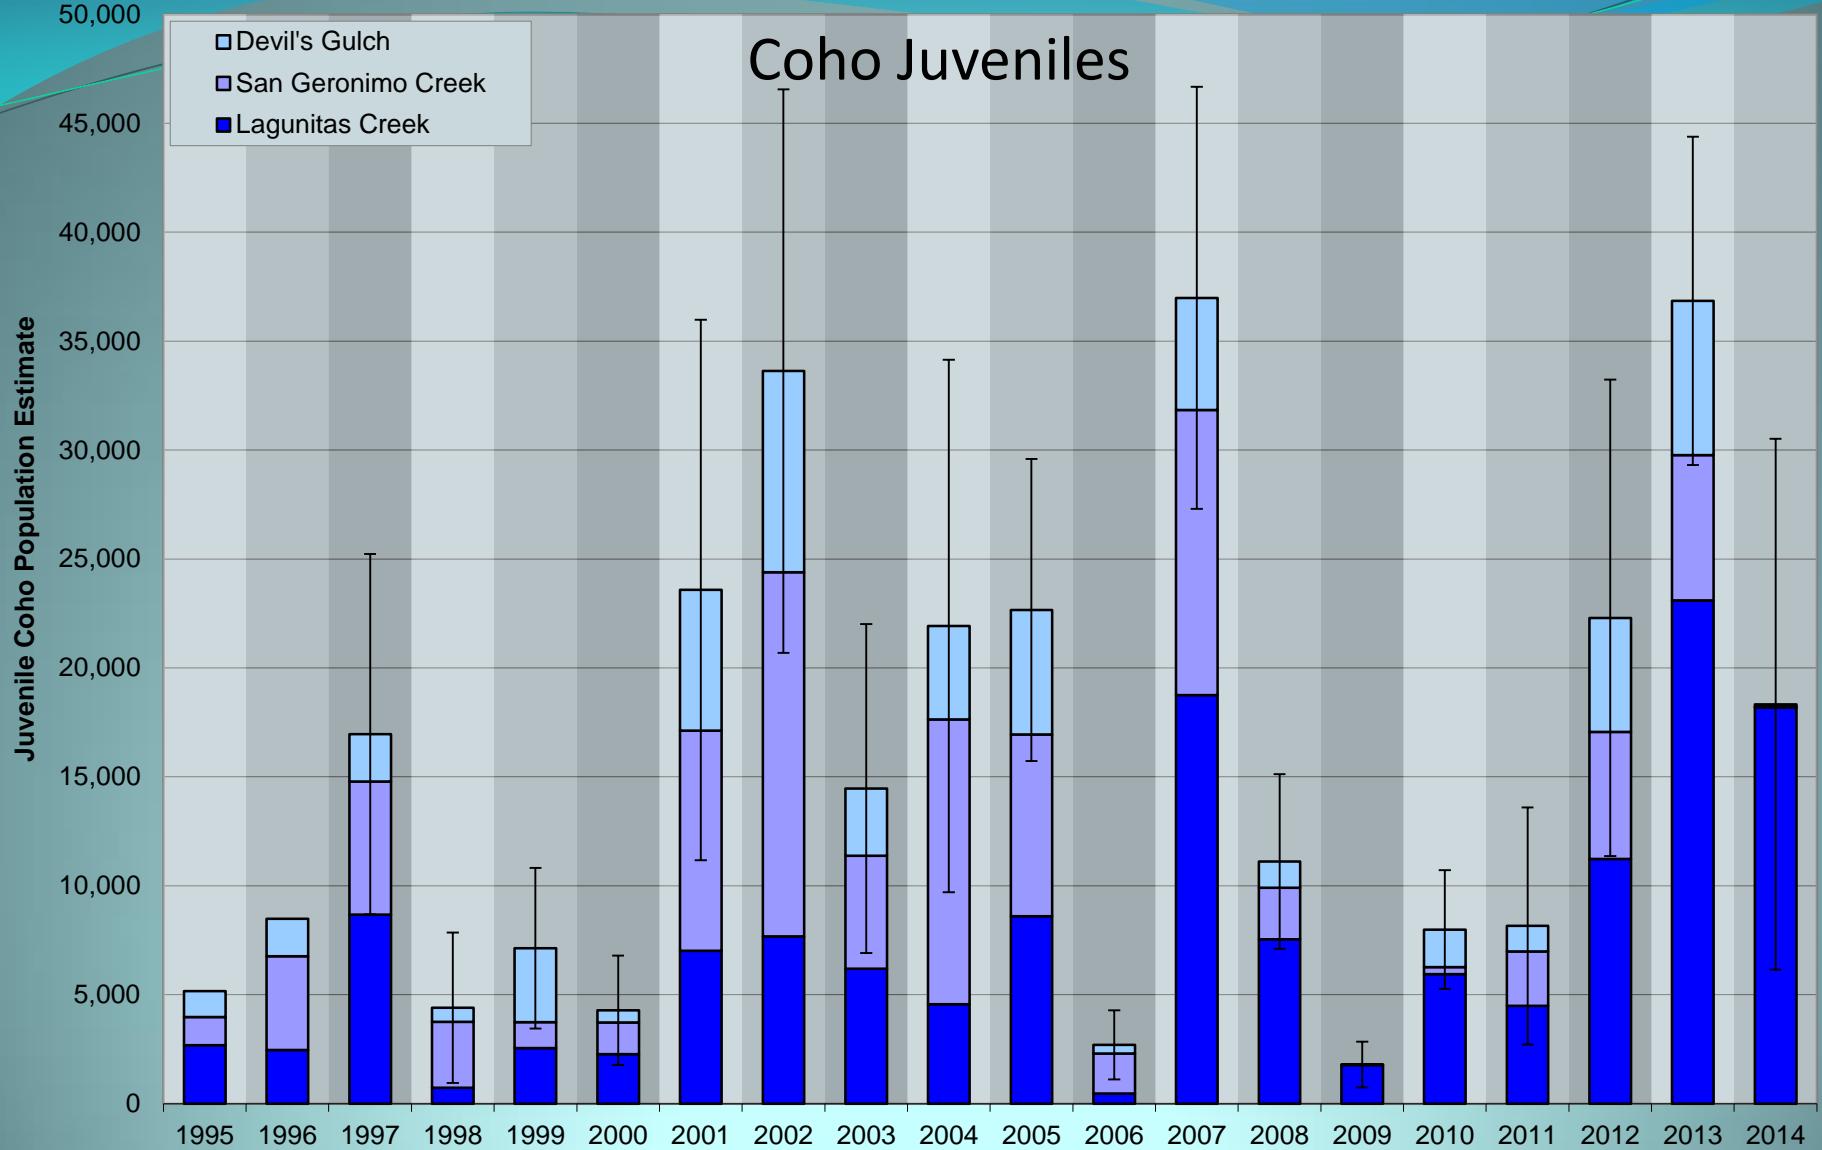

Figure 1. Salmonid redds in the Lagunitas Creek Watershed, 2014-15

Note: Redd location data was only available for streams surveyed by MMWD.

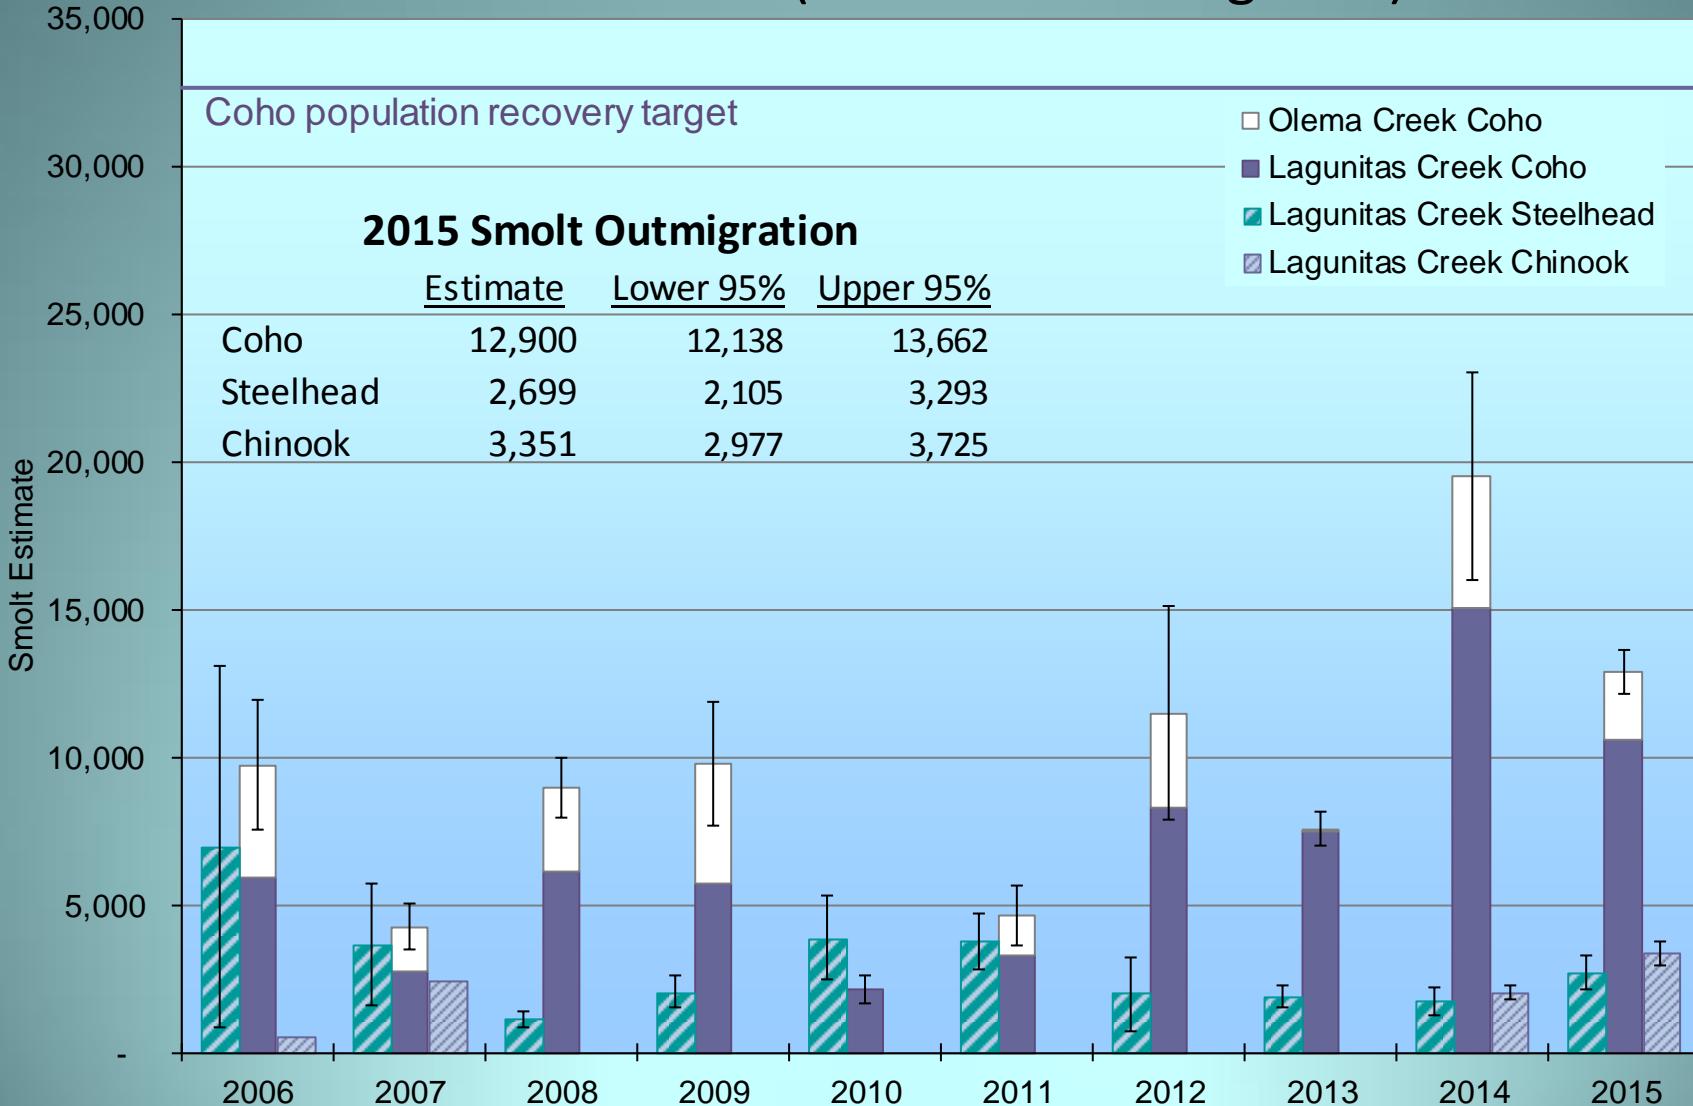

Year classes are indicated by background shading (e.g., coho in 2013 were the offspring of coho in 2010).

Coho Smolts (Downstream Migrants)

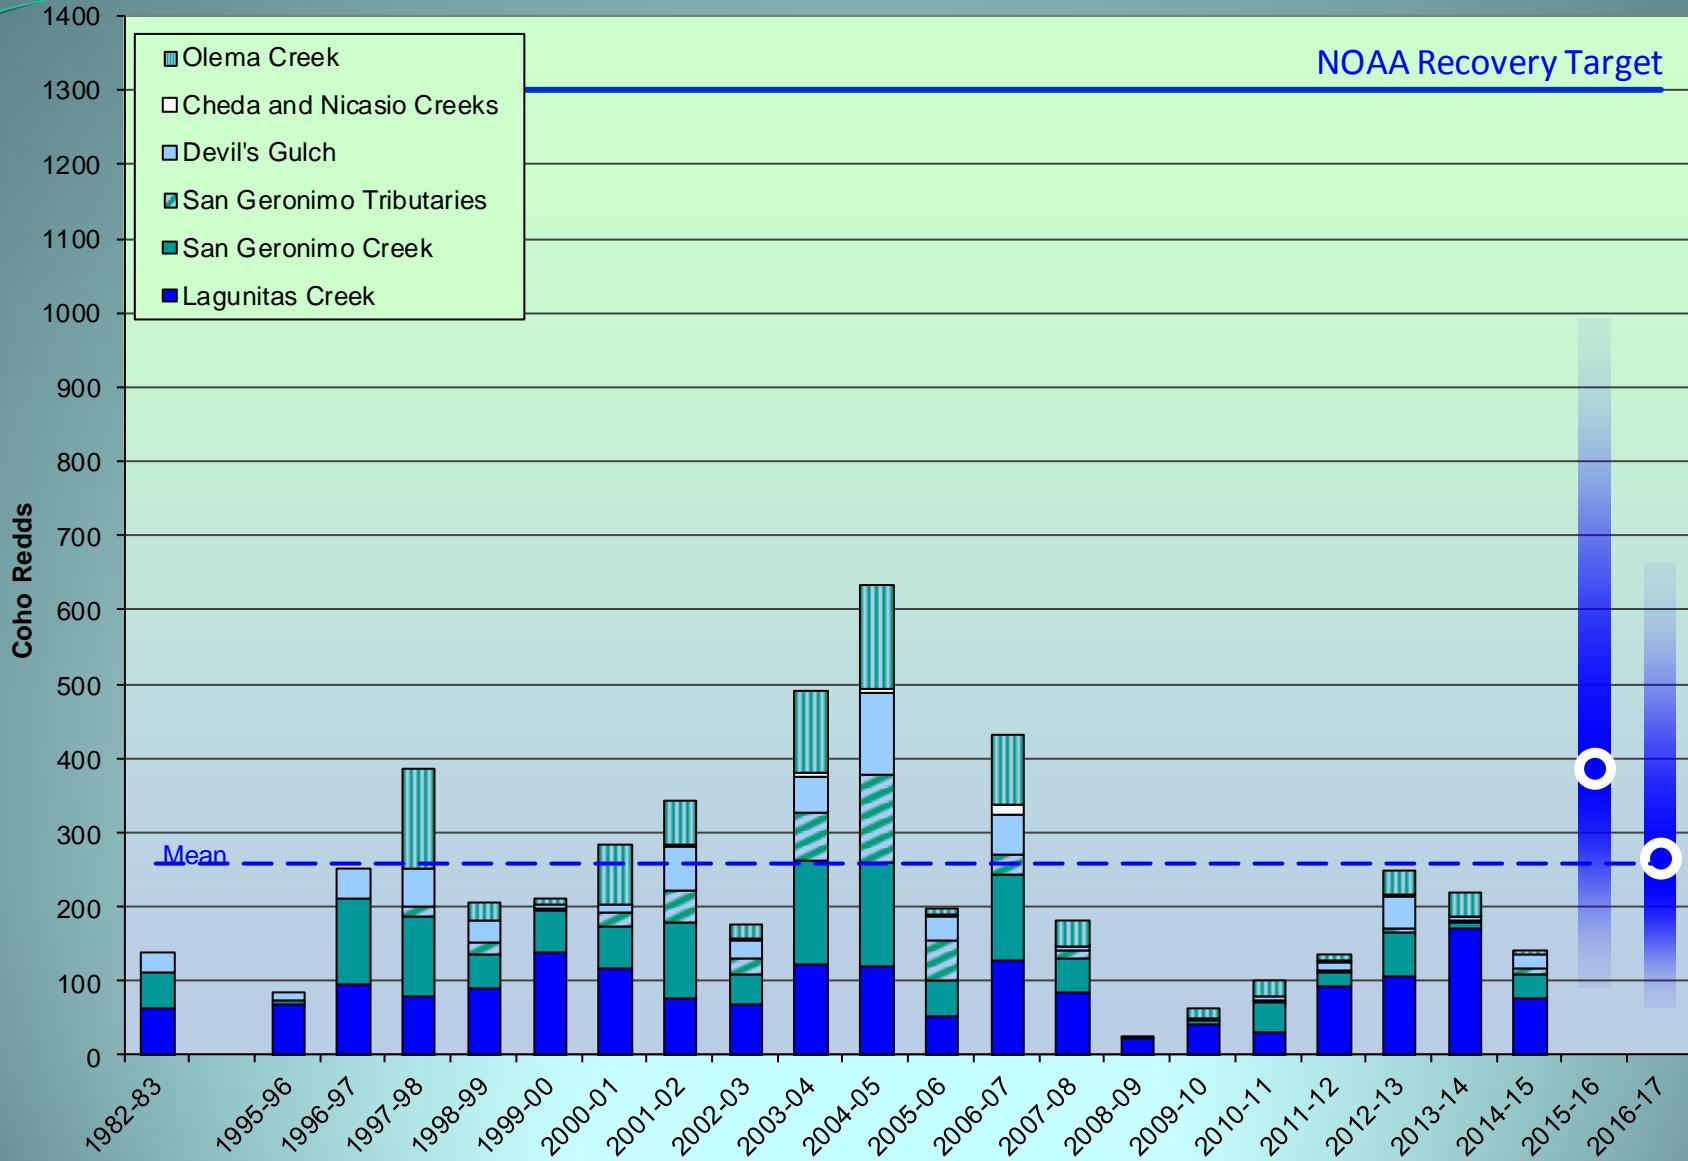

Estimated San Geronimo Coho Smolt Outmigration
