>Local Custom Seeders

- **Ernie Nunez**
(707) 762-7135; cell: (707) 477-3020
Based out of Two Rock.
Equipment: 16-ft no-till seeder which needs 18ft gates /openings
Project Size: Prefers 50+ acres; can complete ~50 acres/day
Rates: \$250 haul-in fee (each way if site is far from Two Rock, charges fee one way if site is close); No-till: \$50-65/acre depending on difficulty of terrain.
- **Ben Silachi**
(707) 338-5345 can call or text.
Based out of Petaluma.
Equipment: Two options: 1) 10-foot no-till seeder which can fit through 12ft gates; 2) 16-foot no-till seeder which needs 18 foot gates/openings.
Project Size: 20+ acres; on smooth terrain can complete ~30-40 acres/day.
Rates: \$125 each way haul in and out fee; No-till: \$125/hour which comes to about \$50/acre, depending on difficulty of terrain.
Other Services: Also does compost spreading. Spreads compost first, then seeds into top of it. With a no-till application, will open up ground and allow compost to get in.
